

***BAKTHI SUTRAS OF
SAINT SUNDAR
PART-I***

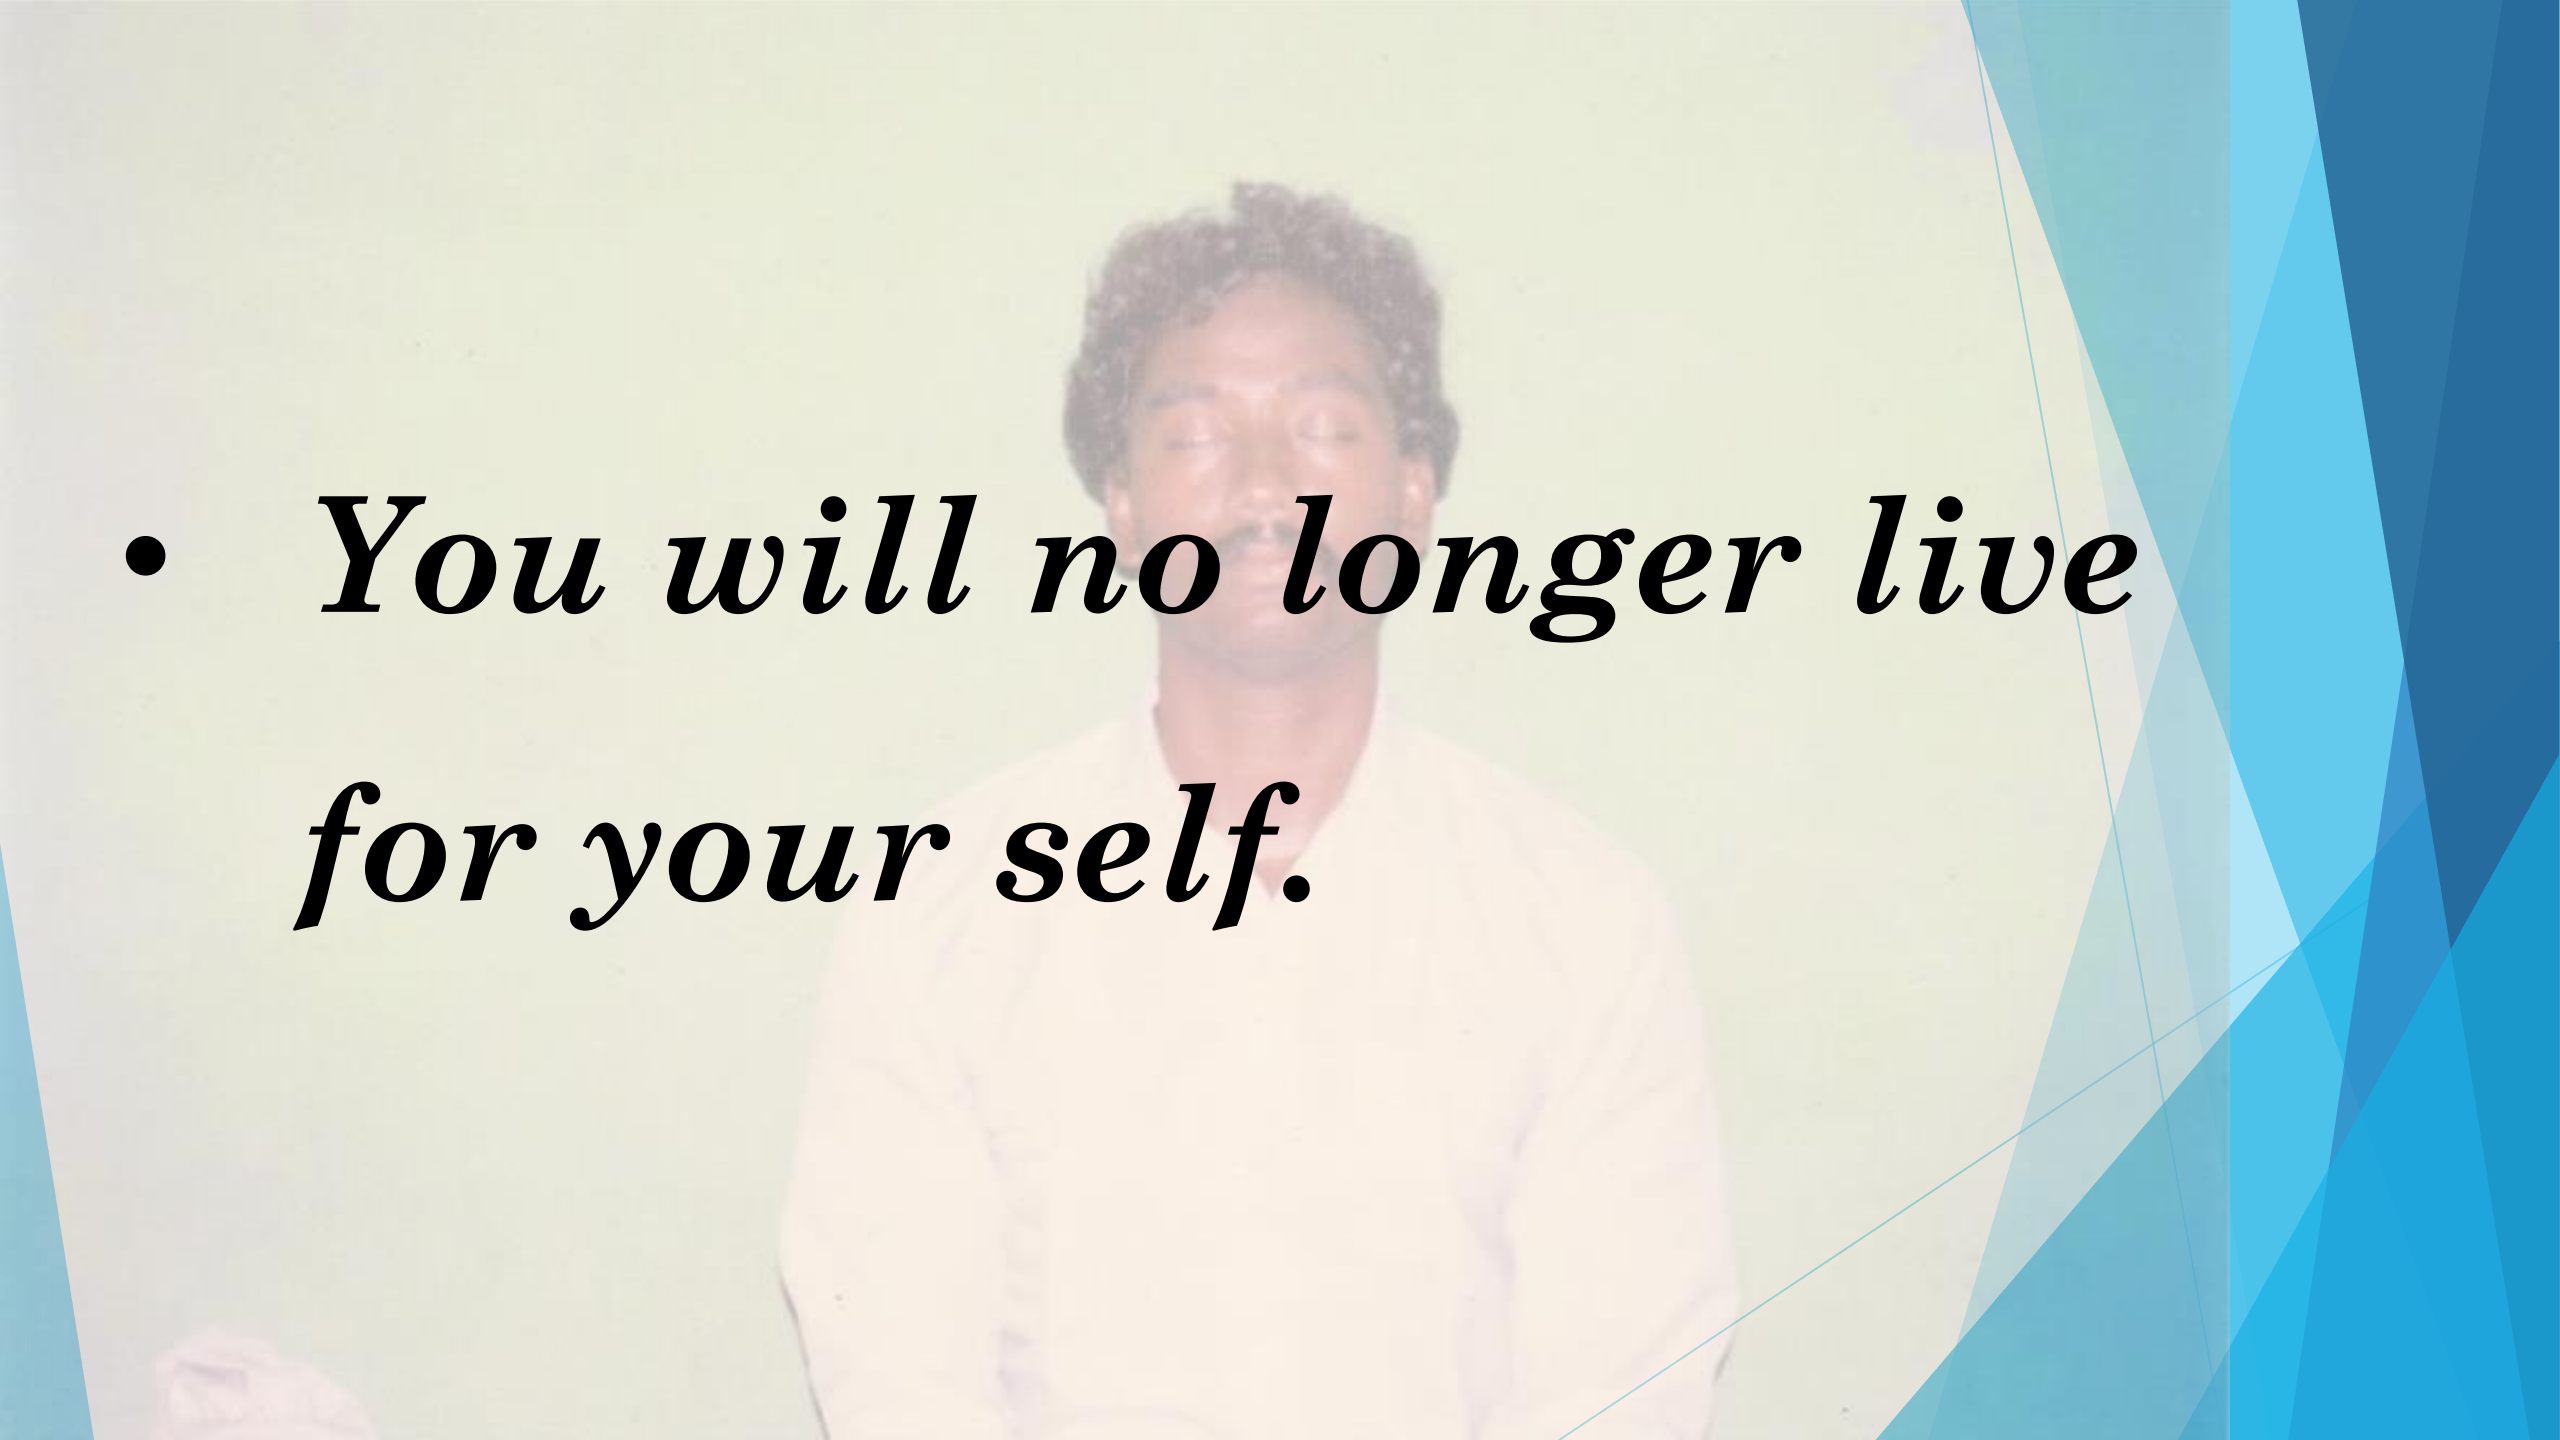

- 
- *For me, Real Bakthi is
Total Surrender to God
(or) Guru.*

- *The Real Surrender is not falling down at the feet of MASTER.*

- *The real surrender is totally offering your Body, Mind and Soul to the Master.*

- *When you totally surrender to your Master, Your Life will no longer be in Your Hand.*

- *Your life will be given direction by the Master at all cross roads you face in your real life.*

- 
- *You will no longer live for your self.*

- *For me, the real surrender is when you completely efface your self and **INVITE GOD** to live in you.*

- 
- *Then you will be a
GOD's player.*

- *Another way of expressing bakthi is when you totally open all your Doors and Windows to invite God in you.*

- *Merely saying that ‘I have totally surrendered to you’ by words is called ‘ACTING BAKTHI’.*

- *For real bakthi and real surrender, 'LOVE' is the key factor.*

- *If you practice bakthi and surrender without the **LOVE FACTOR**, then it is a total wasted effort.*

- 
- *The LOVE should start from your Heart.*

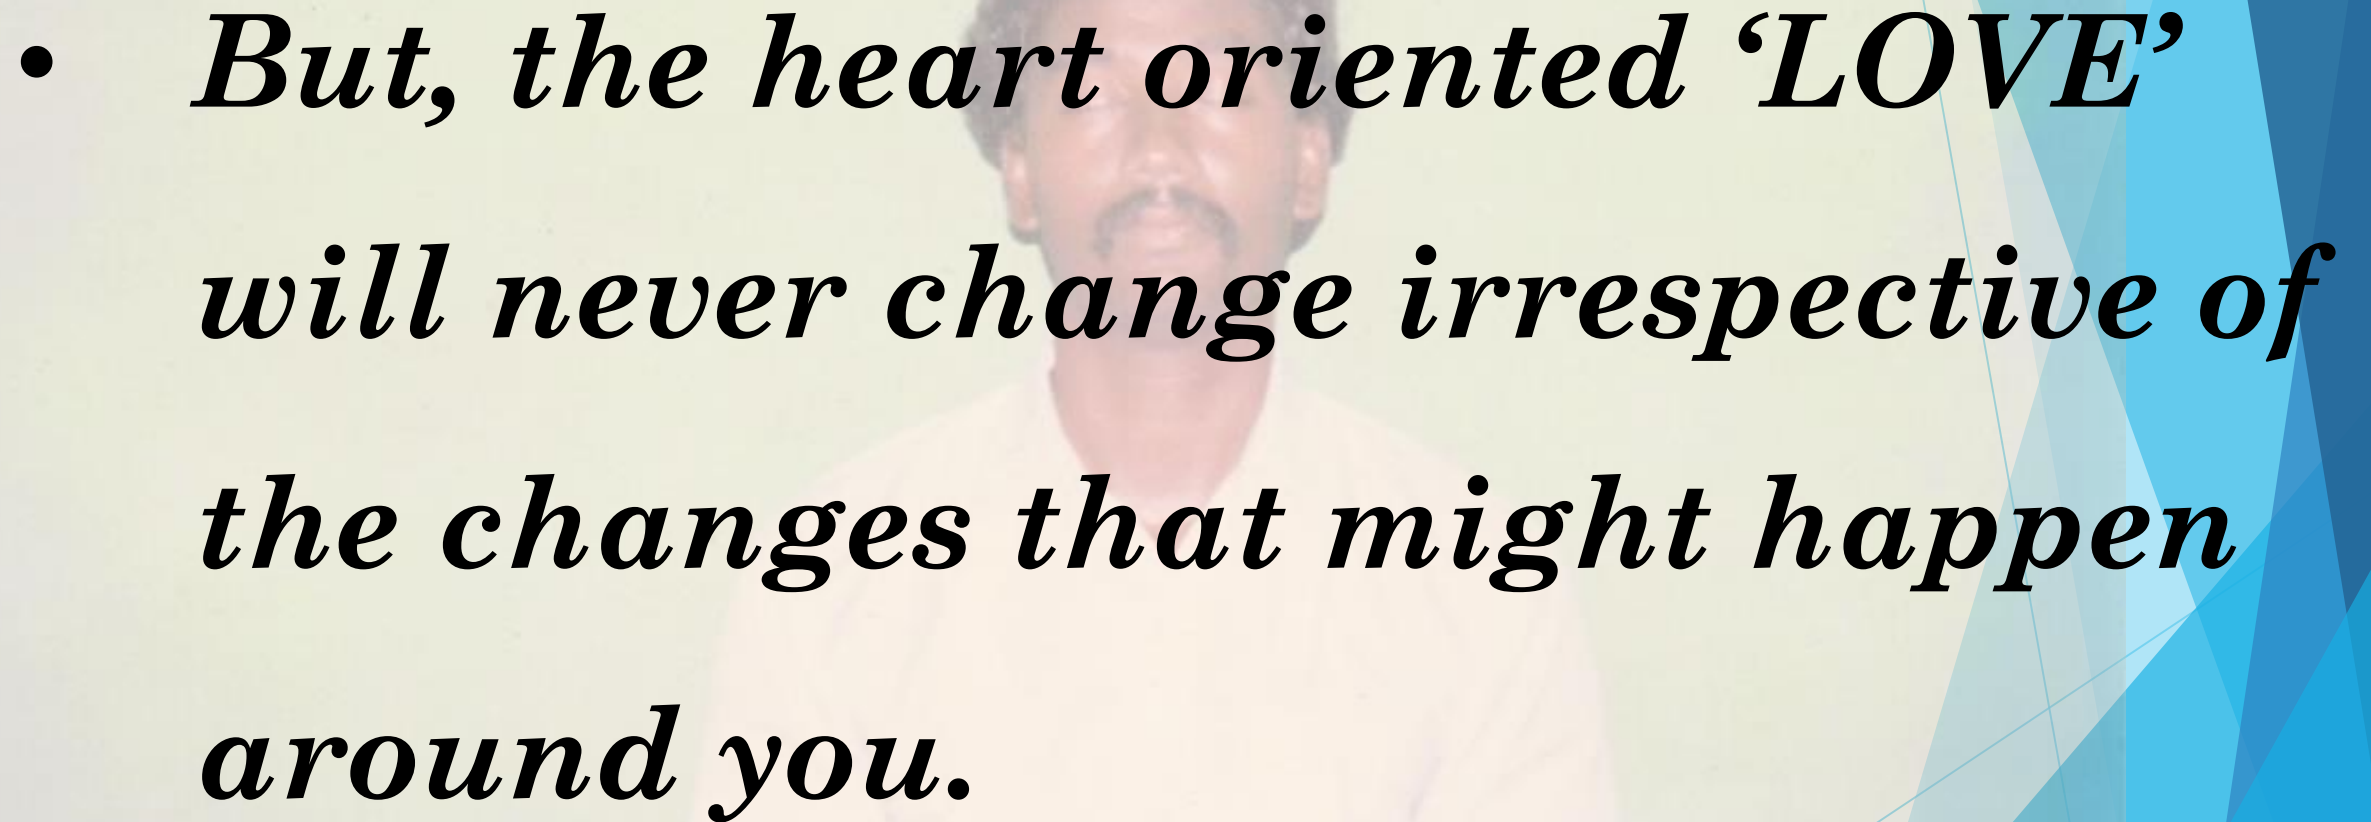

- *When you are full of LOVE and when the love starts oozing out from your heart, then **SURRENDER** and **BAKTHI** will happen without any effort.*

- 
- *Our birth is to realise GOD and serve HIM for our Life Time.*

- 
- *The real LOVE never demands for anything from the other.*

- 
- *The mere acceptance of ‘LOVE’ by the Master or God is more than sufficient.*

- 
- *The mind oriented ‘LOVE’ can anytime get transformed in to ‘HATE’.*

- 
- *But, the heart oriented ‘LOVE’ will never change irrespective of the changes that might happen around you.*

- 
- *Love at its Purest form can be called as 'COMPASSION'.*

- 
- *If you have never tasted Love in your life, then your life is a total waste.*

- *When you stand in front of GOD or MASTER in a totally Vulnerable state, it is as if you have reached the climax of your life.*

- *The real BAKTHA or lover of God will never stand in front of GOD or MASTER. He will always wait Outside the crowd so that he will never get noticed.*

- *Eventhough the 'BAKTHA' stands outside the crowd, the real master's awareness will always be focussed on HIM ONLY.*

- *The interaction between the MASTER and BAKTHA will never be felt by anyone except those two lovers.*
